

EX-003-BT ANTENNA This Bluetooth® antenna is compatible with all EX SERIES products from BC Acoustique (EX-222.1, EX712 ...).

With its 1.50m cable length and its base, the antenna may be deported in open space to improve the scope and quality of reception when your device is integrated in a cabinet that's not allowing the use of the original antenna for lack of space.

Enjoy music from devices equipped with Bluetooth® controller, such as a computer, an Android tablet, or iPad® and iPhone®.

HIGHLIGHTS

The antenna offers 3 positions in order to fit in your environment:

- A vertical (total height of 22.5 cm)
- A horizontal (length 17 cm)
- At 45 ° (length 17 cm)

SPECIFICATIONS

It has a round base, 6 cm diameter, for better stability.

Cable length: 1.50m

Diameter: 60 mm

Total Height: 225 mm

Weight: 0.2 Kg
